

If Robinson Crusoe
had had these—

Fold two

Fold three

Separate Benches

FOR many years we have supplied benches to carpenters, cabinet makers, piano makers, wood carvers, etc. We have always paid strict attention first to quality. We present two styles as representative types for general use. We carry many other styles.

No. O2 Bench, \$8.50

This is a light bench, made of either birch or maple. Is designed more for amateur use, but is a practical bench. Top is 42 in. long and 22 in. wide. Has rapid acting vise.

No. S Bench, \$20.00

Piped maple top, 41 in. long, 18 in. wide, 32 in. high. Has rapid acting vise and is made of solid maple throughout. Is bolted together and is a perfect bench. The bottom drawer measures inside 29 in. long, 14½ in. deep and 6 in. high.

No. 47 @ \$7.50

If after 64 years of constant endeavor we may be permitted a slight boast, it will be that we are proud of our reputation for high grade tools.

We are giving our patrons Disston's Saws, Russell Jennings' Bits, Buck Bros.' Chisels, Hammond's Hammers, and scores of other brands of goods equally well known for their superiority, and at prices as moderate as are generally charged for brands costing much less.

We want you to know that a set of these tools means the best you could buy if you paid five times the price.

In addition to tools, we carry Hardware for house building, Brass trimmings for furniture, Casters of all kinds, including the well-known "Feltoid" goods, and a full line of Bolts, Screws, Nuts, and general supplies for manufacturers and factory use.

ALL HIGH GRADE

THESE ARE NOT JUST "BOXES OF TOOLS" BUT ARE CAREFULLY SELECTED OUTFITS

Combination Sets, Benches with Tools

ARE made in great variety. We show above No. 75. This has a Bench top 4 feet long, 19 inches wide, 2 inches thick, made up of strips of solid maple, tongued and grooved and glued together, and tool recess 5 1/2 inches wide. Has rapid acting vise and adjustable metal planing stop. The cabinet is made almost entirely of oak, with solid brass hardware.

The bottom drawer is fitted with saw racks, and is 29 1/2 x 16 x 6 1/2. The middle drawers are 18 3/4 x 16 x 6, while the cupboard is 9 1/2 inches wide, 16 1/2 inches deep, and 14 inches high.

The tools, 52 in number, (including also one of our "Utility Boxes" of nails, screws, etc.) can be distributed as shown, or can be placed in the drawers if preferred.

There is profound satisfaction in the possession of a set of tools like this No. 75.
